If you want to check whether the plugin from Adobe for display of SVG files is already installed, click [here](#).

To download the Adobe SVG Viewer, you can click [here](#).

The "Adobe SVG Viewer" is required to use the machine catalog with drawings. The plugin can be installed directly from the logon page. Contact information is also shown on the logon page.

3 Welcome Page

The following information is shown on the welcome page:

- A short welcome message
- A link to a demo video
The video describes the functionalities of the E-Shop
- Confirmed quotations
The currently available confirmed quotations are shown in a list.

The screenshot shows the Schlatter MySchlatter.com interface. At the top, the user is identified as Fabian Huber, Entwickler. The navigation bar includes links for Home, Basket, Existing ordertemplates, and order on the basis of an order template. On the left, there are filters for Document Type (Orders), Status (Open), Creation Date (Yesterday), ID Type (Transaction), and Schlatter ID. The main content area features a welcome message, a 'Demotour' link, and a table of 'Actual quotations'. The table has the following data:

Status	Transaction	Date	Valid To	Your Reference
Confirmed	20017392	06/22/2011	09/22/2011	ISA-22.06.2011

You can search for existing orders, quotations and order templates and open them on the left side of the screen.

4 Create New Shopping Cart

Via the menu bar you can create a new shopping cart. Click on "New shopping cart".

6 Create Orders in E-Shop

To create an order from the current shopping cart you have to select "Order" at the bottom of the screen.

Afterwards prices and availabilities for the materials are shown. If the materials are not known as spare parts price and availability is not shown for these materials. Click the "Order" button to send the order to Schlatter:

7 Create Quotations in E-Shop

To create a quotation from the current shopping cart you have to select "Quotation" at the bottom of the screen.

Afterwards prices and availabilities for the materials are shown. If the materials are not known as spare parts price and availability is not shown for these materials. Click the save button to send the quotation to Shatter

7.1 Order Quotations in E-Shop

You are able to create an order from the quotation if Shatter confirmed the quotation. Therefore you have to open the quotation and click the "Order" button:

8 Search for Orders and Quotations

To open the search functionality you have to click on "My Transactions":

Enter the search criteria and click "Go":

The result list is shown directly below the input fields:

Status	Transaction	Date	Your Reference
In Process	1034069	06/22/2011	
Open	1034068	06/22/2011	

You are able to click on the transaction number to open an order or a quotation. The details of the document are shown in the content frame.

It is also possible to download the quotation or the order as a PDF file. Therefore you have to click the "Download" button.

9 Logoff / Password Change

To logoff you have to click the "Log off" link in the header area (right side):

At the end of your session please use the logoff button.

Via the link "Change password" you are able to change you current password.
